_____

Dear _____

Today I participated in a _____ for the first time! It was organised by our school to plant trees in our community park. I was excited and a little _____ because I had never done anything like this before. When we arrived at the park, there were so many _____ I knew. Each of us was given a small shovel. We worked together in teams, digging holes and carefully planting the _____. As we planted the trees, I imagined how they would grow over the _____ and provide shade and _____ for everyone in our neighbourhood. It made me realise the importance of taking care of our _____. I can't wait to see the trees grow big. I hope we continue to do more activities like this to make our world a better place.

Off to bed now

_____

**B. Write a diary entry expressing your disappointment about losing an inter-school basketball match.**

**C. Write a diary entry about a vacation you really enjoyed.**
